Yearlong Test Series for CSE 2025

MYTS - 2025

by Avinash Singh Sir
B.Tech (IIT R), Ex. IES

Online/Offline

Test Series commencing from 31st July, 2024 (2:00 PM to 5:00 PM)	Total Tests 20 (16 Sectional + 4 Comprehensive)	Fee: ₹ 12,500 + GST

KEY FEATURES

1. Wide variety of questions, carefully selected from standard books AND various competitive exams.
2. Coverage of important proofs from all topics
3. Personal Mentoring
4. Timely and multilevel evaluation and personalized feedback within 7 days
5. Flexible submission of tests.
6. Sectional Tests will have five questions and all will be compulsory. Full Syllabus tests will be exactly like UPSC pattern.

Objectives of the Course
1. Streamlining the preparation of students who are doing self-study
2. Yearlong study plan for those who have already done foundation course
3. Assessment of the entire syllabus through questions
4. Helping aspirants in finding gaps in their preparation

Evaluation Parameters
Marks would be Awarded for two broad criteria i.e. 1. Content and 2. Presentation.
1. **Content**
   A. Make sure to tackle all the sub-parts of the questions.
   B. Don't forget to write down each and every step of your solution.
   C. Clearly state the theorems and formulas that you use to back up your solution.
2. **Presentation**
   A. Clearly state the given data in the question and define every variable/unknown used in the solution right at the beginning.
   B. For the final answer, make it pop by underlining or enclosing it in a box.
   C. Use diagrams whenever you can to help illustrate your solution.
   D. Keep your solution neat and tidy by avoiding overwriting. Instead, use a single straight line to make corrections

PAYMENT MODES: Cash, Debit/Credit Cards, Net Banking, UPI

Test Plan for MYTS 2025

Test No	Date	Topic
1	31st July, 2024	Linear Algebra
2	14th August, 2024	Calculus
3	28th August, 2024	Analytic Geometry
4	1st September, 2024	Linear Algebra, Calculus, Analytic Geometry
5	8th September, 2024	ODE
6	29th September, 2024	Statics & Dynamics
7	6th October, 2024	Vector Analysis
8	13th October, 2024	Paper I
9	3rd November, 2024	Modern Algebra
10	17th November, 2024	Real Analysis
11	24th November, 2024	Complex Analysis
12	1st December, 2024	Modern Algebra, Real Analysis, Complex Analysis
13	15th December, 2024	PDE
14	29th December, 2024	Linear Programming
15	14th January, 2025	Numerical Analysis & Computer Programming
16	21st January, 2025	Rigid Dynamics
17	4th February, 2025	Fluid Mechanics
18	9th February 2025	Paper II
19, 20	23rd February 2025	Paper-I, II
